Touch & Go

Eco-intelligence

In the spotlight

Piano Black

IMPRESSA J7

Black elegance

The lightest of touches is all it takes for the touchscreen display to read your every coffee wish from your fingertips. Different aroma intensities can be selected, turning the enjoyment of coffee into an individual experience entirely in accordance with your own taste. The exquisite look in classic Piano Black perfectly enhances the straightforward shapes. And of course, the IMPRESSA J7 also prepares cappuccino, latte macchiato and other trend specialities. It's all possible with the Professional Cappuccino Frother.

Touch & Go

With the simple touchscreen operation, your favourite coffees are at your fingertips. The plain text display guides you through the process. You can choose from two aroma levels (standard and intensive) and three coffee strengths to match your own taste.

Eco-intelligence

Saving energy doesn't have to mean sacrificing enjoyment. Quite the contrary. In Energy Save Mode (E.S.M.®) the JURA IMPRESSA J7 uses up to 40% less energy. The patented Zero-Energy Switch switches the machine to off mode after coffee preparation and the automatic switch-off rinse. Consuming less than 0.01 W, the standby energy is one hundred times lower than the value specified in the EU standard*. The machine can be completely disconnected from the power supply using the power switch. With the IMPRESSA J7 you can be ecological without being any less indulgent.

*EuP standard no. 1275/2008 from 2010: 1.0 W

In the spotlight

Coffee should please the eye as well as the palate. That's why the IMPRESSA J7 sets off each speciality coffee to perfection – with just the right light. The amber-coloured tone perfectly sets off the warm colours of freshly ground and extracted coffee. The coffee spout, which can be smoothly adjusted between 65–111 mm in height and 20–50 mm in width, creates the perfect crema in any size or shape of cup.

Piano Black

The IMPRESSA J7 is an exquisite synthesis of modern forms, clear colours and elegant materials, realised with unique workmanship. It exhibits elegant understatement, yet makes a bold design statement in elegant Piano Black.
